### PLATFORM AND RESOLUTIONS

The following platform and resolutions were adopted by the Republican State Convention, which convened at Winnemucca on the 15th instant:

The Republicans of the State of Nevada, in Convention assembled, again express their loyalty to the principles of the Republican Party, and their confidence in the country so great and prosperous during the last quarter of a century.

That the question of a sufficient supply of circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

That a diminishing quantity of money

That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the national banks, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to the national banks without interest,

That the attempt to substitute national bank notes, costing the Government millions of dollars annually, for free silver, costing nothing, is an outrage upon the people; that the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has

President Cleveland is the unwilling tool or agent of a powerful money ring, which fattens on the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation and uses them without the payment of interest, contracts the currency to

That we favor the nomination of no member of the President or President who is personally interested in national banks or the bonded indebtedness of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.

That the trick of the President and his advisers by which they prevented a vote in the House of Representatives on the Beck silver amendment to the Bond Purchase bill, equals the villainy of the secret and

RESOLVED, That we are in favor of the protection of home industry, and that the laborer of this country has a right to all the work required to supply the people of the United States, and that we are in favor of high wages, and to that end will protect the wage-workers from competition with the cheap labor of other lands.

RESOLVED, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or money trust, or

III.  
We charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail service, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his administration to prevent appropriations for navy and coast defenses, with attempting to destroy the protective tariff, with court ing the good will of other nations at the ex pense of the citizens of the United States, and with joining the foreign bondholders to

demonize silver and destroy the industries of his own country, and for the reduction of the wages of the Mint employees at Carson, for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for his contemptuous attitude of indifference for the fate of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required by law.

IV.

We are in favor of the absolute exclusion of Chinese, and of the restriction of immigration by which the overcharged condition of the labor market is made worse, and we

V.  
We demand in behalf of our various industries the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1867 on wool.

VI.  
RESOLVED, That we recognize the right of labor to organize for its lawful protection.

VII.  
We favor the appropriations by Congress

for hydrographical and topographical surveys in this State, to the end that the waste waters may be preserved for the purpose of irrigation.

VIII.

We endorse the wise and conservative administration of Governor Stevenson, and we heartily commend the able efforts of Senators Jones and Stewart and Representative Goodburn in behalf of the interests of this State.

IX.

We favor the granting to Nevada of the Government land within the State for the purpose of providing means for irrigation.

and other improvements.

X

We favor the reduction of the "treasury surplus" by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for the sea coast, the erection of public buildings, the creation of a navy, the purchase of bonds and the repeal of the internal revenue laws taxing tobacco.

XI

It is the duty of this State to maintain free, non-sectarian schools in the rural and sparsely settled districts, as well as in

that such a plan would be a serious, and that such division of the school money shall be made as will furnish the means of education to all children of the State.

XII.

We are in favor of reopening the Carson Mint for coinage and raising the wages of its employees to the standard paid by the last administration.

XIII.

We demand the restoration of the mail service in this State to its efficiency maintained by the last Republican administration, and favor the payment of fair wages to all postal employees.

**Dedicated to Grover.**

They may be him a grave so cold and damp.

For a heart so frozen and few, Where all night long with their sturdy tramp March the columns of Tippecanoe.

The lessons are marching solid and fast; Their peans be soon shall hear— And he'll know with November's chilly blast Of a mother that cost him so dear.

**Skepticalism.**

By reason of the state of chronic incredulity in which many men pass their lives they miss half the good of this world. They seem to think that doubt and unbelief are proofs of wisdom, and through fear of being deceived reject much that is true and good. To such minds the statement that Dr. Pierce's Golden Medical Discovery is a real and proved cure for all diseases caused by torpid liver, bad blood or scrofulous humors carries with it its own condemnation. They do not believe it, because we say so; and yet what more, or less, than this can we do? We know the facts, and if we did not make public the great value of this remedy how would profit by it. We try to do our duty in the matter and it remains for the doubter who needs help to overcome his prejudice and give it a trial.

\$500 Reward for an incurable case of chronic Nasal Catarrh offered by the manufacturers of Dr. Sage's Catarrh Remedy.

Fryer's Abietene Cough Balm is guaranteed a cure in all cases of Croup, Whooping Cough, Bronchitis and all affections of the lungs. Price 75 cents. Sold by all druggists. We guarantee a cure or return the money. The following are the testimonials of Dr. F. Fryer.

## BREVITIES.

**Local and General Intelligence.**  
Bishop Leonard is at Tuscarora.  
"4 Paws" circus Saturday night.  
J. R. Bradley and George Russell of Elko are in town.  
Bob Parry returned from San Francisco last evening.  
Powning's new building is receiving another coat of paint.  
Justice Young disposed of the usual number of drunks and vags to-day.  
There are 600,000 young trout at the Tahoe hatchery ready for distribution.  
No. 1 passenger, due here at 6:45 A. M., was four hours late this morning.  
There is as yet no cessation in building operations in and about Reno.  
Colonel R. H. Lindsay drove to Virginia to-day, whither he was summoned on legal business.  
The Assessor's books show the total valuation of property in Store county for 1888 will reach \$1,709,000.  
Charles Rich a miner of Sierra City, Cal., was killed on the 19th instant by a cave in the Sierra Buttes mine.  
A bathing establishment on the banks of the beautiful Truckee at this point would prove a paying proposition.  
"Nigger" Henry was taken to the Folsom prison Tuesday, and is now working in the stone quarries at that resort.  
The Commissioners should put the streets leading to the University in thorough repair before the winter rains set in.  
A coal train of twenty-five cars from the coal fields of Wyoming passed through en route to San Francisco this morning.  
Six carloads of cattle shipped at Winnemucca for the San Francisco market by R. F. Evans rested here last evening.  
Dove & Blum, photographers, recently of Winnemucca, are in town with the intention of embarking in business here.  
George A. Knight, the Demosthenes of the San Francisco bar—legal—arrived in Reno this morning on his way to Lake Tahoe.  
The recent thunder showers have settled the dust completely and the roads leading to and from town are all in good condition.  
John Ryno, a former Comstock tinmith, but now a resident of Bellevue, Idaho, is reported to be one of the heirs to a \$40,000,000 estate.  
Owing to the vast amount of freight now being moved west the east-bound passenger trains are generally behind time from one to four hours each day.  
Bill Chamberlain, of the Riverside hotel, is cutting his second crop of hay. Speculations are after it, but the genial bonfire proposes to wait for the rise.  
The nights at present are cool and delightful, and the heat during the day is just torrid enough to be agreeable. Reno is truly the chosen spot of Nevada.  
Over 350 children under 12 years of age are receiving religious instruction at St. Mary's Convent in Virginia City to fit them for First Communion on August 15th.  
During a dispute in a saloon in Alturas, on the evening of the 17th instant, Judge Harris stabbed and seriously wounded James Farmer, who was the aggressor.  
The Ormsby county Grand Jury on Tuesday ignored the charge of grand larceny against James Floyd, charged with stealing a horse from Eugene Hickey of the Brunswick mill.  
Saturday afternoon about 4 o'clock J. A. Holm's stackyard of four haystacks, about five miles from Wabuska, was struck by lightning and the hay totally consumed. Loss about 100 tons.  
Bob Parry wore his dude plug hat to San Francisco on his recent trip, and his face now has the appearance of a boiled lobster. He says the sun had a grudge against his lily complexion, but—  
The Lassen (Cal.) Advertiser says it is reported that the Nevada and California railroad will reach Millford within the next six weeks. Millford is situated in Honey Lake valley, twenty-five miles south of Susanville.  
Miss Jennie McKernan and Miss Mary Kelly were passengers on this morning's train for California where they go to attend the wedding of an intimate friend. They will also make a tour of the lakes before their return.  
A party of railroad men comprising Major R. P. Hammond, W. G. Curtis, N. H. Foster, William McKenzie, Benjamin Welch, Master Mechanic H. J. Small and W. T. Wallace, passed through last night to Ogden on a tour of inspection.  
The Fire Commissioners met last evening, but owing to the absence of one of their number, no business was transacted. The Commissioners will again meet on the 3d prox. when definite action in regard to the fire department is expected to be taken.  
General John R. Kittrell returned from Independence, Cal., last evening on his way to his Southern California home. He was of the counsel of defense in the murder trial of "Rough" Elliott, and although he is reported to have made an eloquent plea, conviction resulted.  
P. J. Dunne, U. S. Internal Revenue Collector, came down from Virginia to witness the performance of "She" last evening. Pete is said to have been sent as an expert by the Washoe Club, and as he liberally applauded every time "She" made her appearance there is no doubt but that his verdict will be a favorable one.  
**A Pardon Refused.**  
T. V. Julien returned from Carson to-day, whither he had been for the purpose of endeavoring to convince the Board of Pardoners that the case of J. C. Murphy, who was sent to the penitentiary from this county for seven years for robbery, was a fit subject for clemency. His petition was denied and the prisoner will be compelled to serve his full sentence, which, deducting credits, will expire in ten months.  
**Attention, E. F. K. of F!**  
Reno Division, No. 2, you are hereby ordered to meet at the Armory Friday evening, July 27th, at 8 o'clock sharp. Regular meeting; members not reporting will be fined as per By-Laws, Section 4. Major-General James R. Carnahan will visit and inspect Division about September 10, 1898.  
H. J. Thies, Commander.  
J. F. Arrey, Recorder.

## THE ARID REGION.

**The Labors of Senator Stewart Bearing Fruit.**  
The representations of Senator Stewart in regard to the requirements of the region of country lying between the Rocky mountains and the Sierra are beginning to attract attention. In India the English have expended vast sums in repairing the old broken-down storage reservoirs of the natives, and in the construction of new irrigation works of immense capacity. Our Government has in the region west of the Rocky mountains much such a country as the British possess in India, and should do something in aid of those who are struggling to rescue it from the wilderness. It is proposed that the geological survey shall select sites for storage reservoirs, and it is proposed to obtain from Congress an appropriation of \$250,000 "with which to begin," as is stated, "the preliminary work of selecting sites for dams, reservoirs and canals, etc."  
This at least shows that some impression is being made at headquarters. But what we would prefer to see, says the *Enterprise*, would be \$250,000 expended at once in the actual construction of a reservoir at some favorable point as an example of the benefits—as a sample work. As regards a site for such a work, there need not be much time spent in making preliminary surveys. In every section between the two great mountain ranges we know where there are sites for storage reservoirs and canals at one point them out. There are thousands of unoccupied sites, the improvement of which would be undertaken by individual enterprise, therefore the Government would have before them at once a half a continent of sites from which to choose, as they lie unappropriated. The engineers of the Geological Survey already have enough work on their hands. After the work of the business has been made plain to the people of the whole country, by the construction of one great work, there should be appointed a special corps of hydrographical engineers to continue the construction of reservoirs and canals in all places where they are required.

## INDIAN DEPREDACTIONS.

**Passage of an Important Measure by the House.**  
A dispatch from Washington, which is of interest to many people in the sagebrush country, says: "The bill providing for an adjustment of Indian depredation claims passed the House on Saturday night. California, Oregon, Nevada and the Pacific Territories have all had bills pending for relief for their citizens. The adjustment will involve claims on the Pacific coast amounting to \$5,000,000. The congressmen from the West are jubilant over their victory. Whittier of Tennessee, Hermann of Oregon and Symes of Colorado have been the most active legislators in this matter. Mr. Whittier, the chairman of the committee, stated to the House that this measure met the approval of the department, and was the best on which all could agree. Representative Hermann stated in the debate that 6,000 of these claims are now pending before the commission, and he believed those from Oregon alone will approximate in value nearly \$3,000,000. "The bill provides for a commission or court of three judges, to be known as the 'Court of Indian Depredation Claims,' with authority to review all testimony and affidavits on claims now before the Interior Department, allowed and disallowed, and to consider others to be filed, and to award to claimants the actual cash value of property taken and destroyed at the time and place of depredation. The judgment is final, but rehearings are permitted on a proper showing, if made before the estimates are submitted from the Treasury Department to Congress for the appropriation. Five special agents shall be appointed, with power to take depositions and procure investigations, as the court shall order."

## Comstock Panorama.

On Monday evening next, at the McKissick Opera House, the people of Reno will have an opportunity of witnessing the panorama of the Comstock mines, a work which has been enthusiastically received both by the press and people of Virginia. It is the result of three years' labor on the part of three young Comstock miners, and consists of seventy views, each fifteen feet square, of the Comstock mines, the underground workings, life on the lower levels, mining machinery, portraits of leading mining men, several views of Gold Hill and Virginia, etc., and is said to be one of the most interesting exhibitions of its kind ever presented to the public. Admission fifty cents (no extra charge for reserve). Children under twelve years of age half price. Box sheet at Nasby's Bazaar.

## By the Light of the Moon.

As one of our love-lorn swains was promading yesterday evening with his adorable one of the side streets of the riverside town in the fair light of the moon, their loving ways attracted the attention of a Celestial, who, watching them awhile, finally said: "Velly nice-e; velly good; you velly soon mally; all light; velly good." A manly air was suddenly taken from a fair waist and the loving couple passed on. Catch on, anybody?

## The Effects of Reno Water.

The *Enterprise* gives space to the following: "A sturgeon seven feet in length was speared last Sunday by a Pute Indian in Pyramid Lake, near the mouth of the Truckee river. It is the first sturgeon ever seen there. The Indian who caught the fish yelled like a wildcat. He thought he had got his spear into a sea serpent. The red man was so excited that he was ready to swear that the lake lowered two inches when the fish was lifted out of it."

## Held to Answer.

R. P. Williams, who is under arrest charged with having robbed John Richardson's cabinet of valuable curios and mineral specimens, had a preliminary examination before Judge Young this morning, and was held to answer before the next grand jury, with bail set in the sum of \$1,000.

## TARIFF AND SILVER TOO.

**Two Reasons Why Nevada Will Use Republicans.**  
In commenting on the press dispatch from Washington which stated that Congressman Woodburn had received word from Sam Jones of Gold Hill, brother of Senator Jones, assuring him that the Republican party would carry this entire section, and that the Tariff Bill will do it, the *San Francisco Republican* says:  
"The tariff will do it, and silver will do it. The removal of the tariff on wool affects a leading agricultural industry in Nevada which would be crushed out of existence were there no duty on foreign wools. Mr. Cleveland's policy of 'Oh, Damn Silver!' would destroy the greatest industry of the State and throw thousands of honest miners and mechanics out of employment, ruin their homes and turn their families adrift upon the world. The Wall street policy in regard to silver currency, as now carried out by the Cleveland Administration, has put a damper on the mining of low-grade ores, and in many instances stopped it entirely.  
"The mines of Nevada were the greatest factor in placing the finances of the country on a specie basis; their product cut a most important figure in furnishing the sinews of war in putting down the rebellion, and gold and silver were largely responsible in creating the treasury surplus of which the Free Trade party makes so much complaint. Part of Mr. Cleveland's plan to reduce the surplus seems to be by shutting down the mines of the country and killing the goose that lays the golden egg. But the 'Oh, Damn Silver' party will hear in thunder tones from the mining States that there is considerable country on this continent outside of the purview of Wall street, and that it contains men with the courage of their own convictions and wise enough to defend their interests from destruction."

## DEACON GIBSON.

**The Best and most Vigorous Psalm Singer West of the Rockies.**  
The Auburn (California) *Republican* says another case of Mr. Cleveland's violation of his pledges of civil service reform has come to light in the dismissal of Deacon W. D. C. Gibson, as Agent of the Indians in Nevada, and his replacement by Rev. S. S. Sears. After the policy of appointing church members only as Indian agents was adopted, Deacon Gibson was appointed the Agent over the Nevada Indians. His predecessor was a Baptist, and insisted on immersion, and when the Deacon took charge the Indians were in a state of rebellion and were out on the war path whenever the weather would permit. He is noted as the best and most vigorous psalm singer this side of the Rocky mountains, and he had been in charge three weeks until it was a common sight to see Indians meandering over the reservation with a pinchbeck bible in one hand and a marked poker-deck in the other, singing: "This is the way I long have sought, and mourned because I found it not." Mr. Cleveland is a Presbyterian; so is Rev. Sears, and he believes in foreordination and predestination, and to disturb the calm, religious happiness of the Putes instilled in them by the pious Deacon, and stuff them with new doctrine is apt to make them restive, and should an outbreak occur and all the Nevada mining superintendents be scalped, though the loss to the country at large would not be very great, their blood would be on President Cleveland's head.

## Jim Coombs Pardoned.

Jim Coombs, who murdered Jack Ross in Carson on the evening of January 20th, 1883, and who was convicted in September of the same year of murder in the second degree and sentenced to 23 years' imprisonment, was pardoned Tuesday. It is said that sympathy for the aged mother of Coombs prompted the action of the Board. It certainly could not have been for any other reason, says the *Tribune*, as the murder was a cold-blooded one, and Coombs was considered lucky in escaping the gallows. Coombs departed with his mother for California Tuesday night, and promised to lead a new and better life in the future.

## "She."

A fair-sized audience assembled last evening in McKissick's Opera House to witness the presentation of "She" by the Webster-Brady Company. The play was replete with startling situations, the scenery was all that could be expected or desired, and the cast, with one or two exceptions, acceptable. Miss Laura Biggar as "She" was a magnificent specimen of womanhood and admirably sustained her most arduous role. The company go to Virginia and Carson from here.

## The Verdict Unanimous.

W. D. Salt, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of the 'standing.' Abraham Hare, druggist, Belleville, Ohio, affirms: 'The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters.' Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at Hodgkinson's Drug store."

It is a sure cure for all these troubles. Sold by W. P. Pliniger. All genuine Abietene preparations bear the fac-simile signature of W. P. Fryer.

**Shooting a Ray at Cedarville.**  
The stage from Fort Bidwell, which arrived here last evening, brought news of a serious shooting affray, which occurred at Cedarville, Modoc county, Cal., a few days ago, and in which George Sharkey, agent for the Surprise valley stage line, and Charley Roach, his ex-partner, figured as the principals. A dispute arose between the two men, presumably about money matters, and in the altercation which ensued, Roach shot Sharkey in the breast, inflicting a wound which it is feared will prove fatal. At last accounts the ball had not been extracted, the physicians in attendance not deeming it advisable to perform the operation until the wounded man rallies from the shock.

**The "Two-Johns" Company.**  
On Wednesday evening the above-named company will appear at the McKissick Opera House. Of the company the *Kansas City Journal* had the following to say: "The 'Two Johns' drew a large house at Gillis Opera House last night, and the auditorium was filled with the sound of laughter during the entire performance. The play was written to make people laugh and it did not fall short of its mark. It is popular because replete with absurdities."  
Box sheet at Nasby's Bazaar.

**A Woman's Discovery.**  
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for several years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co. of Shelby, N. C. a free trial bottle at Hodgkinson's Drug Store.

## Bedroom and Parlor Furniture,

And to-day we are selling to San Francisco, Oakland and other parts of the State. The San Francisco merchants, whose expenses are enormous, high, cannot compete with us. Our continuous increase of patronage is the best assurance that our efforts to please by careful attention, bottom prices and the carrying of a large and well-assorted stock, have been appreciated by our many patrons. Remember, our store covers more ground than any other furniture store in the State, and we have a stock including furniture of the very cheapest to very finest.

Don't forget to send for photographs of articles you desire, and also the price list. It costs nothing. Satisfaction guaranteed.
